# Solo E500X/ EQ

DPAC  
DUAL PRESSURE  
AIR COMPRESSION  
TECHNOLOGY

A beautifully crafted masterpiece of precision engineering. The Solo series produces a precise acoustic sound that is designed to pamper your ears. A perfect integration of both DPAC Super Bass technology, and an enhanced 360-degree 3D sound experience driving the omni-directional sound waves.

- BT/ Aux Connectivity
- HDMI (ARC) – for an enhanced Sound bar experience
- Active 3 band Graphic EQ (EQ Model)
- 360° Enhanced Omnidirectional sound
- DSP Enabled
- Patented DPAC Technology
- Movie / Music / Gaming Mode's

## POWERED BY DPAC

Patented DPAC Super Bass System – mind-blowing bass without the need for bulky external subwoofers

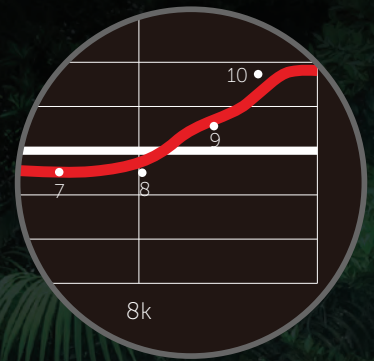

All Solo products incorporate our breakthrough, patented DPAC technology to create a bass sound that matches or surpasses the conventional subwoofer. The innovative driver configuration, combined with air pressure, delivers a full-range sound with deep low-end frequencies and astonishing clarity of sound in an ultra-compact size.

## DSP ENABLED

Advanced DSP for a more dynamic sound that your music, movies & games come alive

With Digital Power Station DPS technology, you'll experience added depth, clarity, bass definition, presence and enhanced stereo field imaging via your speakers. Video games, apps, music and movies, videos, VOIP and video conferencing software like Google Voice™, Skype™ and Face-time™; will all come to life through the speakers.

## PEQ – SOUND PREFERENCE

EQ – your sound, your way

The E600X/EQ has a built-in professional EQ Graphic Equalizer, a digital sound enhancement not normally found in portable speakers, allowing you to fine tune your music even further. Add more bass, mid-range or treble to get exactly the sound you want.

## TECHNICAL SPECIFICATIONS

- VOLTAGE: 7.4V
- INPUT DC POWER: DC 5V 3A
- PEAK OUTPUT: 200W
- DRIVER UNITS: 3Ω + 4Ω \* 4
- FREQUENCY: 20hz ~ 18 khz
- S/N: ≥ 100dB
- DISTORTION: ≤ 0.5%

- BLUETOOTH VERSION: 4.2
- BLUETOOTH DISTANCE: 10M
- DRIVER DIAMETER:
  - LOWER DRIVER: 5 inch (50W)
  - UPPER DRIVER: 2.5 inch (20W) \* 2
  - HIGH PITCH DRIVER: 1.5 inch (5W) \* 2
- SIZE: 143 x 143 x 602 mm / 143 x 143 x 382.5 mm
